## Order Form for Aircraft Security Fencing

**Aircraft fencing can now be booked and paid for via the DAS2025 Exhibitor Portal within the Aircraft Section**

The DAS2025 aircraft static park will not be fenced off to visitors on show open days.

Any fencing that is ordered will be placed around aircraft once the static area is complete and show ready to not interfere with other aircraft movements and positioning.

The fencing will be placed wingspan-to-wingspan, via nose and tail per aircraft, to secure the aircraft engines and landing gear, not the full gross exhibiting area unless the full gross exhibition area is booked and paid for.

All fencing will be on a week's length hire from build-up period (15th November 2025) to show end (21st November 2025) and placed subject to ongoing aircraft positioning around your location

Exhibitors wishing to secure their individual aircraft wingspan-to-wingspan may order fence as per below:

**Cost of fencing per linear metre, per week USD\$50.00 (exclusive of 5% VAT)**

Metres Length Required =

**For more information regarding the aircraft static area fencing please contact:**
