

## Greetings from Dubai Civil Aviation Authority (DCAA),

To enhance customer experience, provide you with two services available for easy access through our platform, making it simpler and faster to submit and complete requests.

### Access Our Services Seamlessly:

To begin, register your company through the DCAA official website.

Once registered, simply scan the corresponding QR code to proceed with your select service page.

Each code provides direct access to the service page - quick, simple and accessible from any device!

#### 1. Application For Inspecting and Identifying Aircraft Spare Parts.

This service is provided to inspect aircraft spare parts in the possession of the passenger on board of the aircraft, which arrive at or depart from Dubai airports, The aircraft parts are subject to regulatory inspection by the Aircraft Oversight Section, accordingly the Dubai Civil Aviation Authority issues a No Objection Certificate (NOC).

#### 2. Application For a No-objection Certificate to Transport Aircraft, Helicopters

This service is provided to issue a No Objection Certificate (NOC) for customers intending to import, export, aircraft helicopters and their parts, to or from Dubai via land, sea, or air freight. The shipment is subject to regulatory inspection by the Aircraft Oversight Section; accordingly, the Dubai Civil Aviation Authority issues a No Objection Certificate (NOC).
