Importation of certain goods and items such as Electronics/Melamine items/Toys/Tires, etc into KSA require a SASO/SABER Conformity certificate before customs will allow them into KSA. Exhibition goods are not exempted from this requirement. Please check with your local Chamber of Commerce for more details on this requirement. The SASO / Certificate of Conformity is issued by the authorized agent in your country such as INTERTEK/BV/TUV, etc. you can also obtain this and further information from the Chamber of Commerce at the country of origin.

## For All Shipments:

The original shipping documents must be sent to DSV Solutions Riyadh office 14 days prior to the arrival of the vessel if sent by sea freight OR attached to the original air waybill if the goods are sent by air.

A full pre-advice, with copy of all the documents, should be sent to DSV emails prior to dispatch for pre- approval.

## ATA Carnet Procedure

Regulation for Importation of ATA Carnet items:

- Not applicable for any food or consumable shipments.
- Exhibitor must obtain approval to use ATA Carnet in Saudi Arabia. Prior to the movement it needed to be applied by visiting this link <https://eservices.zatca.gov.sa> and then an application reference will be available. Once it's been reviewed by customs, they will give permission or reject the Carnet to use in SAUDI Arabia.
- ATA Carnet reference number should be mentioned in the AWB or the B/L and the shipping documents.
- You cannot mix ATA Carnet shipment under temporary import with permanent import under one MAWB or MB/L, this should be done in separate MAWB or MB/L
- Itemized visible engraved serial number, H.S. Code, description of goods, Number of pieces, Weight etc., should be mentioned on all documents.
- Shipment will be under customs inspection and should tally with the ATA Carnet and shipping documents. If not, customs duty will be applicable on final basis.
- Shipment in full must be re-exported after the exhibition.
- Return destination of the freight should be mentioned on the ATA Carnet.
- Original Invoice should be attached along with the ATA Carnet.
- The period fixed for the re-exportation of goods imported under ATA Carnet shall not exceed 6 months from the date of temporary admission.
- In Saudi Arabia, carnets cannot be used for materials contrary to Islamic culture, pornography, distilling equipment, religious sculpture, or images, or any depicting nudity.
- Prior approval from the Saudi authorities is required for live animals, films, videos, periodicals and books, particularly religious books. The same applies to wireless, or radio-controlled equipment, products containing alcohol and archaeological artifacts.
- A service charge will be applicable for each ATA Carnet being processed.

## 1.4 RESTRICTED CARGO

Saudi regulations impose some restrictions on the importation of certain commodities into the country. If you are not sure if your product falls under this category, this can be checked and confirmed with the relevant Saudi Embassy or Consulate at origin. We can also assist you in this matter.

Listed below are a few main restrictions:

- Lithium-ion goods falling under UN3480 can be imported into the Riyadh but cannot be re-exported out of the country by any mode of transport.
- Importation of commodities such as alcohol or pork and products containing alcohol or pork or any of its by-products, this is strictly restricted for import into the Saudi Arabia.
- Importation of products such as food items, live plants/flowers, tiles/marbles, wireless/radio, telecommunication /defence equipment and radioactive materials of a hazardous nature, cosmetics, hazardous/class rated cargo, etc. may have restrictions for importation into Saudi Arabia.
- Importation of exhibits such as weapons, ammunition, explosives, or any other military equipment is strictly forbidden for import into Saudi Arabia.

However, some commodities can be imported after obtaining prior approvals and special permissions from the necessary ministries. Import permissions are solely subject to approvals from the respective ministry and such goods must be shipped only after receipt of these import permits and our confirmation. Additional charges are applicable to secure such permissions and can be quoted upon request.

If you intend to ship any such items, please contact DSV at least 90 days prior to shipping.

## 1.5 PACKING AND CASE MARKING

Exhibits and cargo should be well packed and designed with internal padding and battens, suitable to the nature of the goods and the mode of transportation intended. The packaging should be able to withstand the entire journey, in case of temporary import the return journey also.

It should be capable of easy unpacking and repacking; the use of screws and clips is highly recommended instead of nails which can damage the packaging.

All packages, shipped using any mode of transport, must be clearly marked for identification on arrival showing the below information:

Name of Exhibitor: \_\_\_\_\_  
Stand & Hall Number: \_\_\_\_\_  
Name of the Show: \_\_\_\_\_  
Tahaluf  
C/O GESS SAUDI ARABIA 2026  
Dimensions: \_\_\_\_\_ Gross/Net Weight: \_\_\_\_\_  
Case Number: \_\_\_\_\_ (i.e. 1 of 3, 2 of 3, etc) \_\_\_\_\_

Please note the below re-export regulations applicable:

### **Crates / flight cases on wheels and individual pieces weighing more than 30 kgs**

Airlines in Saudi will not accept shipments for export that are over 30 kgs and not able to be handled by forklift, or crates / flight cases that are on wheels. It is a requirement that all these items are palletized before export. However please note if these items are not palletized on import to Saudi, then there could be a discrepancy on the weight of the shipment on re-export and result in import duty having to be paid on the total value of the shipment.

Therefore, it is requested that **all pieces over 30 kgs in weight, and all wheeled items, are palletized before shipping to Saudi.**

The handling and airfreight charges will be applicable as per the chargeable weight on the air waybill. Additional charges will be applicable for provision of a new pallet, or palletization of cargo by our staff.

### **DG/ non-DG shipments and SCAA permits.**

Any return shipment having DG (Dangerous Goods) or ELI (Lithium-Ion Batteries) or normal batteries must be declared accordingly on the return shipping instructions with the proper declaration and number of packages having this commodity (declaration form templates are available on request).

Any shipment having a compressor / generator / cylinder (extinguisher) must be declared in advance of export with the proper declarations. A DG declaration for DG shipments and non - DG declaration for non - dangerous goods is required (declaration form templates are available on request).

If shipments are held at the airport during screening due to undeclared items, additional charges shall apply for SCAA permits for AWB amendments and airport storage charges shall accrue until the declarations are submitted and SCAA permit approved.

## 1.6 COURIER SHIPMENTS, DIGITAL VIDEOS, CD-ROMS AND FILMS

Courier companies generally cannot clear exhibits and equipment being sent for exhibitions in Saudi Arabia. Such shipments are normally held with Customs when the volume or value is high. We therefore recommend you contact your courier company and ensure they can customs clear and handle exhibition goods. In cases where the courier company cannot process the clearance, we will try to assist but cannot be held responsible for late or non-delivery of such shipments.

Courier AWB should be consigned as per the air freight instructions.

Please DO NOT send courier shipments addressed direct to your hall or stand/booth number.

**All courier shipments (up to 50 Kg / 0.3 CBM maximum) should be sent to the following delivery address:**

Tahaluf company C/o GESS SAUDI ARABIA 2026

Delivery to : DSV logistics park

Southern Istanbul Street

Sulay, P O Box 55073,

Attn: Mr. Ahmed Khafaga

Tel: +966 59 329 3207

Name of Exhibitor : \_\_\_\_\_

Stand Number : \_\_\_\_\_

A commercial invoice must accompany all courier shipments and to be consigned as and a full pre-advice including a copy of the export courier waybill must be sent to DSV:

**Attn:** [mohamed.tantawy@dsv.com](mailto:mohamed.tantawy@dsv.com) | [rajesh.rajan2@dsv.com](mailto:rajesh.rajan2@dsv.com) | [mahesh.chenthamarakshan@dsv.com](mailto:mahesh.chenthamarakshan@dsv.com)

**Cc:** [ahmed.khafaga@dsv.com](mailto:ahmed.khafaga@dsv.com)

Exhibitors should report to the DSV site office and pay cash for the handling charges incurred. The goods will then be delivered to your stand. Payments in advance by bank transfer are subject to a service fee to cover bank charges. We cannot accept credit card payments for courier shipments.

Shipments that require an advanced payment of Customs Duty or any freight charges will be refused, unless agreed in advance. Courier shipments must therefore be sent on a delivered Duty paid basis.

All films, videos, slides, DVD and CD's are subject to Saudi censorship, we request one copy of each DVD/CD- ROM to be couriered to us at least 30 days prior to the event for censorship processing. Clearance of such items is solely subject to approval of the Saudi government authorities.

It is the responsibility of the exhibitor to check with DSV if their package has been received. Shipments that require advance payment of Customs Duty or any other freight charges will be refused unless it is pre-arranged. **Courier shipments must therefore be sent on a Delivery Duty Paid (DDP) basis.**

## **1.7 TEMPORARY IMPORTATION AND CUSTOMS DUTY**

Temporary importation of goods is solely subject to the approval by the applicable Customs authorities.

If Customs reject the application for clearance on a temporary importation basis, the goods will have to be imported permanently and the assessed Customs Duty and VAT on Goods will be applicable.

Goods intended for temporary importation must clearly bear embossed serial numbers wherever possible and the same must match the commercial invoice 100%. Customs will/may reject temporary importation and force permanent import when this information is not available.

All goods value assessments are solely up to the discretion of Saudi Customs. Saudi Customs can re-evaluate the value declared on the commercial invoices and the Duty and VAT is calculated based on this revised custom assessed value. In the event than an exhibitor wishing to dispose/sell his goods during the exhibition, the permanent importation of these items can be processed subject to approval from Saudi Customs.

However, Customs Duty and VAT on goods will be applicable on such items in addition to a cancellation of bond and import conversion fee.

Saudi Customs Duty on most commodities is currently charged between 5% to 22% of the customs assessed CIF value of the goods. Value Added Tax (VAT) @ 15% is implemented in the Saudi as per Laws and the applicable charges for the same will be included as an additional charge on our final invoice. Any Customs duties applicable to shipments that are sold during the event will be for the account of the respective freight agent or exhibitor. DSV will not collect duties from the local buyer. The exhibitor should include the duties and taxes in their invoice to the buyer. An advancement fee of 15% of the paid Customs duty amount will also apply, as per our tariff.

Saudi Customs may reject temporary importation and force permanent import when this information is not available or satisfactory, regardless of it being re-exported at the end of the event. Saudi Customs are very thorough with their examinations, during which all cases are opened, and contents checked against the commercial invoice.

**Note:** Clearance of shipments under Temporary Importation is solely up to the discretion of Saudi Customs. If temporary importation is approved, then it is possible to reclaim the duty deposit outlaid on the shipment when the goods are being re-exported. The Refund is entirely at the discretion of the inspection officer. A Service Fee of is charged at 20% (Minimum Charge of **USD 250.00** of the Total amount refunded to cover the admin expenses we incur to complete the refund process Please note that if shipments are re-exported to any GCC (Gulf Cooperation Council) Country then Customs duty and VAT on goods must be paid in the Saudi (being first port of entry) prior to re-export, which will take a minimum of 2-6 weeks to process.

Shipping via LCL Service is not recommended for temporary import goods into Saudi Arabia. Since this service takes a very long time and being relatively slow, the export formalities cannot be completed within the stipulated time frame permitted for re-export of temporary goods immediately at the end of the show. Shipments cannot be mixed, split or consolidated during importation and re-exportation.

If temporary import is approved by Saudi Customs, then the Customs Duty will have to be initially outlaid on the consignment. It is possible to reclaim this Customs Duty outlaid once the goods are re-exported in full. The refund of the Customs Duty is solely up to the discretion of Customs. In order to reclaim the Duty amount outlaid the cargo must arrive within the stated arrival deadlines and all documentation must be 100% correct as per the Saudi Arabian Customs authorities satisfaction.

The Refund process of Customs Duty is a very lengthy procedure and can take from 8 to 10 months for the final completion. This may also at times slow down the re-export process. Exhibitors/Agents are strongly requested to keep this in mind while planning the next leg of their transport, should the cargo be needed urgently after the show for another event.

## 1.8 INSURANCE

Insurance of the cargo is not included in our scope of work / tariff, and this should be arranged by the Exhibitor and / or Exhibitor company with an express and unconditional waiver of subrogation towards DSV their partners & sub-contractors.

The show site yard is not a covered site, therefore all freight and empties moving in and out of the halls or stored on site during the show are exposed to climatic conditions.

You are strongly recommended to check with your all risk Insurer that you are fully covered for all the work we may undertake on your behalf and to advise them of our conditions. As our tariff is computed based on volume and weight and has no correlation with the value of exhibits, it follows that the cost of insurance cover is not included in our charges. It is the responsibility of each exhibitor/client to arrange a Full Marine (Transport) Insurance covering transport of your goods from your domicile to the exhibition, and the return of the same back to your domicile at the end of the show, including the period your exhibits/goods are handled by DSV. Please also ensure that the Marine (Transport) Insurance is arranged for the exhibits/goods sold locally during the exhibition.

DSV will not accept any liability towards any loss/damage of your exhibits/goods.

## 1.9 RETURN SHIPPING

Full return shipping instructions must be given, in writing, to DSV on-site staff during the show. If requirements change after receipt of your return instructions, all updated requests must be submitted in writing. Additional costs may be incurred and charged accordingly. All return shipments are sent on a freight pre-paid basis. For any bookings made directly with airlines or shipping lines, an administration fee will be levied.

Bookings for FCL (full container loads) shipments must be given in writing by latest the opening day of the show. This then allows us sufficient time to make the necessary booking with the shipping line. For any FCL bookings received after this date, the goods will have to be taken back to a warehouse in Saudi for loading and extra costs will be incurred.

We normally do not allow the handover of goods to another agent for return shipping, as the goods are under our temporary bond and the process can be very complicated and time-consuming. If a shipment must be handed over to another local freight agent for them to export out of Saudi, we will require a security cheque from that agent for the full duty and VAT amount. Once the agent completes the export formalities correctly, fulfilling all the Customs requirements and after we have obtained the refund for the duties and VAT, the security cheque will be returned to the local agent. A handover fee will be applicable.

## **Return Shipping of goods containing Lithium Batteries:**

Any shipments returning from an event in Saudi, that contain Lithium batteries, the shipper must apply to the Civil Aviation Authority for a "No Objection Certificate".

Along with that application, an up-to-date MSDS (Material Safety Data Sheet) must be submitted.

Whether it's Lithium Ion or Metal, standalone or contained in equipment/packed with equipment. It will require a NOC from SCAA. A fee for the NOA application will be charged per shipment in addition to the DGR Handling fees in cases where applicable.

**Lithium-ion goods falling under UN3480 can be imported into the Saudi but cannot be re-exported out of the Saudi by any mode of transport.**

## **1.10 SPECIAL NOTES**

Any Covid-safe regulations put in place by the organizer, venue, local government, or health department must be always adhered to.

To provide a contactless delivery, proof of goods delivery (POD) will not be provided. If required, our delivery staff will take a picture of the goods delivered to the stand and this will be considered as a POD. If we are to sign for freight delivery, the exhibitor will need to visit the DSV on-site office to physically sign a POD which must be done using their own pen.

The show site yard is not a covered area, therefore all freight and empties moving in and out of the halls or stored on site during the show are exposed to climatic conditions. Whilst we will do our utmost to cover freight and empties in the holding areas, we cannot be held responsible for any damage caused by climatic conditions.

DSV is the only company authorized to work on site and provide manpower and equipment for the handling/movement of freight within the premises of the exhibition centre. For safety and security reasons.

No Exhibitor, or their suppliers, will be permitted to operate their own lifting equipment (i.e. tail-lift or crane mounted trucks, genie lifts, manual lifts, recovery vehicles, etc.) for unloading/reloading goods from their vehicle in the service yard for the exhibition.

No other contractor's manpower is permitted to work, handle, or move any cargo on-site, as per the organizer's requirements for the show. Please ensure all your manpower requirements are pre-booked with DSV well in advance.

## **1.11 SPECIAL NOTES**

For any exhibit, box or crate which exceeds more than **2 tons** per piece, or with dimensions that exceed **2m x 2m x 1.5m (LxWxH)**, where special handling and lifting is required, we request exhibitors/clients to contact us, providing a detailed description of the goods at least 20 days prior to the start of the exhibition.

This is very important and is required to ensure a smooth handling of your goods at the show site. Failure to do so in advance will invite heavy penalties and surcharges to mobilize such special equipment at a short notice, which if applicable will be on the respective exhibitors/client's account.

For manpower or any equipment, which may be required to assist exhibitors with the set-up, additional cost will be quoted upon request.

## **IMPORTANT**

All business transacted is only in accordance with DSV's / our sub-contractors' Standard Trading Conditions, copy is available upon request.

Use of DSV Fairs & Events (DSV Solutions) services – partly or full – and any requirement for additional services at any time before / during or after the exhibition should be expressed in writing only.

## 1.12 TERM OF PAYMENT
