

We are continuously looking for opportunities to improve safety and sustainability at our events, and so we are starting to introduce the Better Stands programme at our events. Reusable stands provide a myriad of benefits to our stakeholders, which is why we want to work with exhibitors and contractors to ensure they become standard practice. **By reusable, we mean a stand component that will be used for more than one event, the opposite of single-use.** For more information on the programme please visit <https://betterstands.org/>

Exhibitor Information

Exhibitor Name:

Contractor Name:

Booth / Stand Number:

Contractor Email:

Has your stand been used before?*

YES

NO
