- Any revisions of grid plan resulting to cable relocation will incur a surcharge.
- Electrical Mains Order will not be processed without the completed grid plan.

"EXAMPLE FOR STAND ORIENTATION GRID"

The diagram shows a grid with a central stand labeled **Z-1**. The stand's dimensions are **9m** (width) and **7m** (depth). The stand is labeled **60Amps three phase** and **Stand Name**. The stand is surrounded by other stands labeled **Z-4**, **Z-2**, and **Z-3**. The stand is also labeled **Water & Waste** and **Beach Wall**. The stand is surrounded by a **Neighbouring Stand Number** grid.

Neighbouring Stand Number _____

Neighbouring Stand Number _____

Neighbouring Stand Number _____

Neighbouring Stand Number _____

Position of the ordered item (mark on the grid with an X):

Dimensions of the stand (each square of the grid can denote 1m^2 or $\frac{1}{4}\text{m}^2$ etc.):
